PROFILE

Bachelor's student in Computer Science and Engineering at the University of Bologna with solid foundations in programming, algorithms, and computer systems. Broad interest in software development, cybersecurity, embedded/IoT systems, and blockchain technologies. Strong analytical problem-solving skills and highly motivated for academic and professional growth.

WORK EXPERIENCE

Peer Network

Business Solution Developer

September 2026 – Present

Ravenna, Italy

- Engineered and maintained business solutions and full-stack modules using JavaScript, Vue.js, Java, and Kotlin.
- Managed technical operations, process automation, and system quality assurance workflows to improve system efficiency.

Vibre S.r.l.

Software Engineering Intern

March 2026 – May 2026

Cesena, Italy

- Built an Android app in Kotlin for real-time BLE biosignal streaming (EEG/PPG/IMU) from Muse 2 headsets to a Python/Flask backend via MQTT.
- Implemented an EEG signal processing pipeline (Welch, FAA-based valence/arousal) and contributed to a constraint-based emotion profile classifier.
- Developed a real-time multi-participant monitoring dashboard using Flask, SocketIO, and Chart.js.

Happy Valley Kart

Karting Operator

2024 – 2025

Cervia, Italy

- Instructed customers on safety procedures, kart operation, and track regulations.
- Monitored racing sessions to ensure compliance with safety standards and operational efficiency.

PROJECTS

UniEscape | *Java, Swing, MVC Architecture*

- Developed a 2D interactive game in Java with custom graphics, object-oriented architecture, and custom gameplay logic.

Notes Management Platform | *PHP, JavaScript, HTML, CSS, SQL*

- Created a collaborative web system for sharing and organizing study notes featuring user authentication, subject categorization, and real-time updates.

EDUCATION

Alma Mater Studiorum – University of Bologna

Bachelor's Degree in Computer Science and Engineering

Cesena, Italy

Current

- Coursework: Algorithms and Data Structures, Operating Systems, Databases, Software Engineering, Computer Networks.

Istituto Tecnico Economico Renato Serra

High School Diploma in Accounting and Information Technology

Cesena, Italy

2020

TECHNICAL SKILLS & INTERESTS

Languages: Java, Kotlin, JavaScript, PHP, C, SQL, HTML/CSS

Frameworks & Tools: Vue.js, Flask, SocketIO, Chart.js, MQTT, BLE, Git, GitHub, Linux, Windows

Spoken Languages: Italian (Native), English (Advanced)

Interests: Track and field, Blockchain technologies, Embedded Systems / IoT
